CONTENTS

Number 1

G. W. DIMBLEBY. Pleistocene Ice Wedges in North-east Yorkshire . . 1

I. STEPHEN. A Study of Rock Weathering with reference to the Soils of the Malvern Hills. Part I. Weathering of Biotite and Granite . . . 20

R. P. MITRA *and* K. S. RAJAGOPALAN. The Electrochemical Character of the Clay Mineral Illite and its Relation to that of Muscovite . . . 34

W. H. PEARSALL. The pH of Natural Soils and its Ecological Significance . 41

B. S. ELLIS. Genesis of a Tropical Red Soil 52

T. N. JEWITT. The Distribution of Organic Matter in Depth in some Tropical Seasonally Flooded Soils 63

A. REIFENBERG. The Soils of Syria and the Lebanon 68

E. G. HALLSWORTH, T. H. LEMERLE, *and* HILARY V. RAYNOR. Studies in Pedogenesis in New South Wales. I. The Influence of Rice Cultivation on the Grey and Brown 'Gilgai' Soils of the Murrumbidgee Irrigation Areas. 89

E. G. HALLSWORTH, A. B. COSTIN, F. R. GIBBONS, *and* GWEN K. ROBERTSON. Studies in Pedogenesis in New South Wales. II. The Chocolate Soils . 103

J. J. LEHR *and* J. CH. VAN WESEMAEL. The influence of Neutral Salts on the Solubility of Soil Phosphate 125

P. C. J. PAYNE *and* E. R. FOUNTAINE. A Field Method of Measuring the Shear Strength of Soils 136

Number 2

M. I. TIMONIN *and* G. R. GILES. Effect of Different Soil Treatments on Microbial Activity and Availability of Manganese in Manganese-deficient Soil 145

K. S. BIRRELL *and* M. FIELDES. Allophane in Volcanic Ash Soils . . 156

C. BLOOMFIELD. The Distribution of Iron and Aluminium Oxides in Gley Soils 167

J. F. G. LIONNET. Rendzina Soils of Coastal Flats of the Seychelles . . 172

J. B. D. ROBINSON. A Comparative Study of some Soil Nutrients in the Coralline Sugar-cane Soils of Barbados 182

A. B. COSTIN, E. G. HALLSWORTH, *and* MARION WOOF. Studies in Pedogenesis in New South Wales. III. The Alpine Humus Soils . . 190

I. STEPHEN. A Study of Rock Weathering with reference to the Soils of the Malvern Hills. II. Weathering of Appinite and 'Ivy-Scar-Rock' . . 219

E. ERIKSSON. The Physico-chemical Behaviour of Nutrients in Soils . . 238

O. TALIBUDEEN. The Technique of Differential Thermal Analysis (DTA) . 251

T. W. WALKER. The Estimation of the Lime Requirements of Soils. Soil and Crop Yield Data from the Harper Adams and other Liming Experiments 261

E. CROMPTON. Some Morphological Features Associated with Poor Soil Drainage. 277
